

NATIONAL KIDNEY AND TRANSPLANT INSTITUTE

CLINICAL ABSTRACT

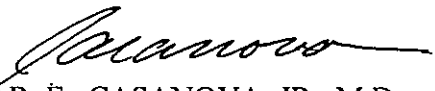

February 16, 2007

Name : **LEONARDO LUISTRO LUMANOG**
 Address : **69 Regalado Avenue, Fairview, Quezon City**
 Age/Sex : **51/male**
 Hospital Number : **1016650**
 Date of Confinement : **December 25, 2006 to January 02, 2007**

Diagnosis : **STATUS POST KIDNEY TRANSPLANT (04-22-03)**
 : **STABLE GRAFT FUNCTION**
 : **EPIDIMOORCHITIS, RIGHT**
 : **BILATERAL HYDROCOELE**

Medications : **Cyclosporine A 75mg per day**
 : **Cellcept 500mg 1 tab 2x a day**
 : **Prednisone 5mg 1 tab once a day**
 : **Metformin 500mg 1 tab 3x a day**
 : **Avandia 8mg ½ tab once a day**
 : **Sodium Bicarbonate Gr. X 3x a day**
 : **Ferrous Sulfate 1 tab once a day**
 : **Vitamin C 1 tab once a day**
 : **Hytrin 1 tab once a day at bed time**
 : **Plendil 10mg 1 tab once a day**
 : **Ciprofloxacin 500mg 2x a day to consume**

Recommendation/s : **Avoid crowded area and congested places**
 : **Avoid dirty/polluted places since patient is immunocompromised and any type of infection would be detrimental to the transplanted kidney and to the patient himself.**
 : **Continue medications for life**
 : **For follow-up**
